Mr. Charles L.A. Terreni  
Chief Clerk/Administrator  
Public Service Commission of South Carolina  
101 Executive Center Drive, Suite 100  
Columbia, SC 29210

Re: Briefing based upon the Petition of the Office of Regulatory Staff to establish Dockets to Consider Implementing the Requirements of Section 1251 (Net Metering and Additional Standards) of the Energy Policy Act of 2005; **Docket No. : 2005-385-E**

Dear Mr. Terreni,

The purpose of this letter is to request that the PSC insist that copies of all communications, pleadings, and other proceedings be made by the all parties to one another concerning matters of Docket #2005-385-E. Specifically, Progress Energy has not to date provided copies of their net metering tariffs to the intervenors, and it needs to do so. SCANA and Duke Power have provided copies of the net metering tariffs, as required by PSC's order, to the intervenors, and Progress Energy should be required to do the same since the case on net metering matters has not been completed.

I am greatly concerned about the appropriateness of the timing of the forward motion of this docket when Progress Energy has not done its due diligence.

Thank you for your attention to this matter.
